The Canadian

WHO'S WHO

NOTICE

This edition, completely revised, presents over 8,000 biographies. Following precedent, a growing number of biographies are published in the French language. Although this Work must perforce be almost wholly in English, we happily defer to any biographee who submits his or her *curriculum vitae* in French with the expectation that it will be published in that language.

SUPPLEMENTARY BOOKLETS

Each Book distributed, is accompanied by a **Supplementary Booklet,** containing the important changes in biography during the course of printing, and including biographies received too late for insertion in their alphabetical order in the Book. The **Booklet** ensures substantially correct biography to within ten days before the publication of the edition.

"The Canadian Who's Who" publishes triennially. Between editions, our Biographical Research Department functions continuously in the service of complete reference adequacy.

To fulfil an established demand, four **Supplementary Booklets** incorporating all the latest changes, together with new biography received, will continue to be issued in six month intervals for two years following our main publication. These **Booklets** are obtainable at reasonable cost by all subscribers who wish to be kept informed biographically.

EDITORIAL AND SELLING POLICIES

Again we remind our users who expect and appreciate the maintenance of the highest standards in collecting and publishing Canadian contemporary biography, that we are singular in Canada, in that we have never requested or received payment of any kind whatsoever to secure inclusion or exclusion.

No salesman offers our books; the entire selling operation depends upon a mailed prospectus.

A listing is not optional with a biographee; however, all data collected by our research is submitted for correction.

AVIS

Cette édition, entièrement révisée, contient plus de 8000 biographies. Comme dans la dernière édition, un nombre toujours plus grand de biographies sont publiées en français. Bien que cet ouvrage doive nécessairement être présenté presque complètement en anglais, nous sommes heureux d'accéder au désir des personnes qui soumettent leur *curriculum vitae* en français dans l'espoir de le voir paraître dans cette langue.

BROCHURES SUPPLÉMENTAIRES

Chaque exemplaire est accompagné d'une **Brochure Supplémentaire** contenant les changements importants dans les biographies survenus au cours de l'impression, ainsi que les biographies reçues trop tard pour pouvoir être intégrées dans l'ordre alphabétique. La **Brochure** garantit dans l'ensemble l'exactitude des renseignements biographiques jusqu'à environ dix jours avant la date de publication.

"The Canadian Who's Who" est publié tous les trois ans. Entre les éditions notre Section de Recherches biographiques fonctionne de façon ininterrompue afin de fournir de façon complète et exacte tous les renseignements indispensables.

Afin de répondre à une demande constante, quatre **Brochures Supplémentaires,** comprenant tous les changements les plus récents, ainsi que les dernières biographies reçues, continueront à paraître tous les six mois pendant les deux années qui suivent notre publication principale. Les souscripteurs qui désirent se tenir au courant, peuvent obtenir ces **Brochures** à un prix modique.

RÉDACTION ET CONDITIONS DE VENTE

A nos lecteurs qui attendent et qui apprécient la plus haute qualité à la fois dans le collationnement et la publication de biographies canadiennes contemporaines, nous rappelons que nous sommes les seuls au Canada à ne jamais avoir demandé ou reçu paiement d'aucune sorte pour garantir l'inclusion ou l'exclusion d'un article.

Nos ventes ne se font pas par l'intermédiaire d'un agent, mais uniquement par correspondance à l'aide d'un prospectus.

Aucune autorisation n'est nécessaire pour l'insertion d'une biographie, mais les renseignements recueillis par notre Section de Recherches sont soumis à la vérification de l'intéressé.
